

New Book Release!

Dr. Ginger Grancagnolo presents...

“INSIGHTS, SECRETS AND PRIVATE PRAYERS”

The journey of life! At times, it can seem to be such a trite phrase. It can be an overwhelming and underestimated grouping of words that almost always stirs our senses, philosophies, faith {or the lack of it}, self-worth, and values, including our pleasures, pains, fears and wounds.

That said, what is it? Is it a planned course with planned stops, curves and detours? Or is it a randomly conjured road that gets readjusted with each choice we make? What will we do when we get there? Or even worse, what if we never get there? Who's in charge? Is life undecided or destined?

These are inquires that most of us have explored along the way. Certainly I have! I have asked, demanded, prayed and pleaded for these answers. In fact, this book is an account of just that. This reading is a journey of 365 consecutive days of my life as I reflected and made journal entries about my daily experiences. It is a year's collection of poems and dialogued journaling with God.

May these sincere expressions gently soothe and urge you to pray more and more boldly than ever before. I pray you can be lifted as you read by the grace of God so that you can reclaim your sense of safety in life once again. May you feel blessed as you read everyday. May you feel loved.
